■特集 通電焼結

■第31回秋季シンポジウムプログラム(名古屋工業大学)

Essay : Continue to Create The Kyo-yaki/Kiyomizu Ware..... Itsuo Imahashi- 585

Special Issue : Electric Current-Assisted Sintering

- Application and Enlarging Technique on Large Sized Ceramics Materials Development by Electric Current Activated/
Assisted Sintering(ECAS/SPS) Method Masao Tokita- 586
- Flash Sintering of Oxide Ceramics and Related Processing Techniques
..... Hidehiro Yoshida and Takahisa Yamamoto- 591
- Spark Plasma Sintering of Stacking-sequence Disordered SiC without Additive..... Manshi Ohyanagi- 595
- Microstructure of Transparent Oxide Ceramics Prepared by Pulsed Electric Current Sintering
..... Makoto Nanko, Hien Huu Nguyen and Khanh Quoc Dang- 599
- Development of Transparent Ceramics Scintillators Prepared by Spark Plasma Sintering
..... Shunsuke Kurosawa and Koichi Harata- 603
- Fabrication of Diamond-based Composites by Spark Plasma Sintering..... Takashi Goto and Hirokazu Katsui- 607
- Consolidation of Thermally-degradable Nitride Permanent Magnets by Current Sintering Method
..... Kenta Takagi- 611
- Fabrication and Application of Cu-Zr Eutectic Alloys Using Electric Current-Assisted Sintering
..... Naokuni Muramatsu and Takashi Goto- 615
- Effects of Directly Applied Current Heating on Sintering Behavior of Thermoelectric Ceramic..... Mikio Ito- 619
- Texture Control of N-type Bi₂Te₃ -based Thermoelectric Materials by Pulse-current Sintering Under
Cyclic Uniaxial Pressure Hiroyuki Kitagawa, Shota Ido, Ayako Suzuki and Kotaro Kikuchi- 622
- Spark Plasma Sintering and Phase Separation of Transition-metal-based Carbides
..... Hirokazu Katsui, Ying Li and Takashi Goto- 625
- Program: 31st Fall Meeting of The Ceramic Society of Japan..... 641
- "Crossroad" Mirabbos Hojamberdiev- 630

Society News- 632 Notice to Members- 633
