

**ECI Conference, March 06 – 11, 2016
Tomar, Portugal**

Electric Field Assisted Sintering and Related Phenomena Far from Equilibrium

- Spark Plasma Sintering (SPS)
- Flash Sintering
- Microwave Sintering
- Superplasticity Under Electric Fields
- Field Induced Viscous Flow in Glass

- Electro-chemo-mechanics
- Defects and Diffusion

- Grain Growth
- Phase Transformations

- Electrical Conductivity
- Electroluminescence

Organizers:

Rishi Raj
Thomas Tsakalakos
Klaus van Benthem
Olivier Guillon
Yoshio Sakka
Claude Estourne`s
Suk-Joong Kang
